How SATTAA works

This free-of-cost program will provide opportunities to deeply engage with astronomy content and pedagogy. Completion of all program sessions results in 60 CPE.

The program includes hands-on sessions facilitated by astrophysicists from four continents, and virtual field trips.

TEKS addressed:

Elementary Schools
112.11-16; Science
Middle Schools
112.17-20; Science
High Schools
112.33; Astronomy
112.36; Earth and Space
112.39; Physics
