

Beekeeping Apprenticeship

Join us on an exciting journey in the world of beekeeping with the **HONEY Beekeeping Apprenticeship** program.

Offered by the **HONEY Pathway at UTSA and Bee Mindful.**

This immersive apprenticeship invites 10 dedicated students to engage in 80 hours of comprehensive training, combining in-class learning with hands-on experience under the guidance of master beekeepers and professionals.

Over the course of a year's beekeeping season, participants will engage in:

- 40 hours during **Spring Break 2025**
- 40 hours in 3rd week of **May 2025**

Participants will gain vital skills in:

- 1) Pollination
- 2) Honey production
- 3) Cultivation of other valuable bee products

By the end of program:

- Gain the skills and knowledge to start your own beekeeping business.
- Receive an "Apprentice-level Certification" from the Texas Master Beekeeper Program.
- Boost your credentials in the beekeeping industry.
- Contribute to sustainable agriculture and bee conservation.
